5.3. Vice-Principal/Teacher Representative:

- We had track and field events throughout the elementary and Junior High classes. The K-3 stayed in Carbon and enjoyed participating in all the events. The 4-6s participated at Dr. Elliott and were proud to show off all their ribbons. At the Junior High level, we had 2 boys qualify for Zones in Calgary, and they represented us well.
- The Seniors Appreciation Tea was a success, filled with joy and gratitude. The primary grades put on delightful performances. It was a true pleasure to welcome our seniors back into our school community.
- The K-2 raised butterfly larvae, which were released last week. The students were very engaged and learned many lessons about being good stewards of nature's living things.

- We received new curriculum funds and purchased over \$800 worth of books and resources for our elementary students. We are excited to catalog these this summer and start using them in the upcoming school year.
- We have field trips coming up, and the junior highs are off to WEM and Galaxyland. Grade 1-4s are off to Barney's, and 5/6 are having a sleepover.
- Share moving forward.... Survey- don't have parents, but very few parents completed them.
- Survey- students completed surveys in school; prominent issues felt there was not sufficient communication between the schools. Not knowing what materials to bring for option courses; not feeling like they were being incorporated with other students nor welcomed; some students raised concerns about not being welcomed by Linden students; they also didn't feel like they were being put into courses they would have liked to take for option courses.
- Mr. Hatch sat down with new Admin for Acme/Dr Elliot- plan to conduct a bi-weekly tri-campus admin meeting; sharing Monday memos from each school is going to be important; sharing a tri-campus event calendar; having a choice given to students to choose their options; student teacher connection and a list was given to teachers to try to incorporate the students and ensure they are feeling welcomed. Looking at doing more social media postings at Dr. Elliot school as well. Laurianne H will reach out to Mr. Hatch regarding the Parent Survey and will ask for results to be shared.
